The research coordinator,

Metropolitan International University

Dear sir

Subject: Research Acceptance for Bwindi Impenetrable Forest

On behalf of Bwindi Impenetrable Forest, we are delighted to grant your student..... permission to carry out your research within the boundaries of the forest.

The student is expected to adhere to the guidelines and regulations set forth by the Bwindi Impenetrable Forest management to ensure the protection and preservation of the ecosystem. The students' research, which aligns with our conservation efforts, will contribute significantly to the understanding and sustainable management of this unique environment.

The student is advised to carry identification documents at all times while conducting research within the forest. Your student is also required to submit periodic reports to our office on the progress of research and any findings that may be relevant to our conservation objectives.

We wish you success in your academic endeavors and look forward to the valuable contributions this research will make.

Sincerely,

.....
