Mutabazi David

Digital Marketing Manager
Kisoro, Western Region, Uganda

Summary

I am a software developer and also an expert in website designing
and Web Development. I have good experience working with open-
source frameworks like Laravel, Worpress, CakePHP, and Django.
My major skills include HTML5, CSS3, PHP, and Javascript (with
knowledge of Angular) as well as Database management systems
like MySQL. My goal is to be the best at what I do and always
find new ways to grow and improve my knowledge and skills as a
software developer. I have been in the technology industry for 8
years now and looking forward to more challenging opportunities.
